
REPORT NAME

Bylaw 05-25 Fees and Charges Schedule and repeal Bylaw 20-24

RECOMMENDATION

That Council gives first reading to Fees and Charges Bylaw 05-25 for revision of the 2025 dust control fees as presented.

That Council gives second reading to Bylaw 05-25.

That Bylaw 05-25 be given third reading by unanimous consent of the Council members present.

That Council gives third and final reading to Bylaw 05-25.

Options (if available):

n/a

IMPLICATIONS

Reason: Revision to 2025 Fees and Charges Bylaw, Schedule A to reflect the cost increases for dust control

Authority: (MGA section/bylaw/policy number): Bylaw 20-24, PG-02 Dust Control Fee for Services

Amount of funding required: n/a

Funding source: n/a

BACKGROUND

Annually, Road Operations obtains updated pricing for dust control products early in the year. This updated pricing allows us to ensure that we are charging the appropriate amount to deliver the service. When product supply costs increase, it becomes necessary to request a fees and charges amendment.

At the February 10, 2025 Public Works Committee meeting, the following recommendation was approved to adjust the fee for the residential dust control program.

012-25 *Committee member Doblanko – that the Public Works Committee recommend to Leduc County Council the following amendment to the cost of the residential dust control in the Fees and Charges Bylaw:*

Product	Total cost	50 percent subsidy	Applicant cost	GST	Total charge to applicant
Calcium Chloride	\$1,280.90	\$640.45	\$640.45	\$32.02	\$672.47
Incorporated Oil	\$5,000.00	\$640.45	\$4,359.55	\$217.98	\$4,577.53

Carried Unanimously

In 2024, Leduc County applied calcium chloride dust control at 463 locations across the municipality. To allow county graders to focus on their designated routes, Road Operations will be utilizing a contracted grader operator to support the dust control program.

Recommendation to Council *Public*

There will be some locations (outlying areas) where we will use our county graders as it is inefficient to high-blade a contract grader that distance; however, many central and east area dust control spots will be completed by the contractor.
