BACKGROUND

MS-07 Road Right of Way Dedication policy was created to grant the County the ability to acquire road right-of-way dedication to support the upgrading of the transportation network. The policy has been adopted before, but some minor updates have been made to the policy to incorporate clearer standards and language and to align with other documents. Some of the highlighted changes include:

- Additional definitions.
- The change of the definition of a multi-lot subdivision from five or more contiguous parcels to four or more contiguous parcels. This means that now non-multi lot subdivisions are considered to be subdivisions with less than four parcels while in the previous policy it was stated as less than five parcels.
- Minor details and language changes within the standards.
- Minor details and language changes within the responsibilities.
