Re: Urban Standards Bylaw Enforcement ticket

I was issued with an enforcement ticket for not complying with the Urban Standards BYLAW on September 16, 2024. At that time the property was already sold to another person as you can see on the attached document.

I believe that this ticket was issued unfairly to me. I am not liable for the amount payable because: the property belongs to another person

I have enclosed the following evidence to demonstrate my claim: sell transaction that was performed between us and the other party. I am requesting your support and assistance in waiving this fine.

Yours faithfully,
