**Reason:** To recognize the importance of Public Works in the daily lives of the public

**Authority:** (MGA section/bylaw/policy number): Policy CC-05 Proclamation

**Amount of funding required:**

**Funding source:**

**BACKGROUND**

Since 1960, National Public Works Week (NPWW) has been celebrated across North America by more than 32,000 members of American Public Works Association (APWA)/Canadian Public Works Association (CPWA). We use this week to celebrate our employees, the work we do, and to educate the public on the importance of public works in their daily lives: planning, building, managing, and operating at the heart of their local communities to improve everyday quality of life.

The 64th annual Public Works Week, sponsored by the CPWA, is May 19 to May 25, 2024. Leduc County would like to recognize the dedicated efforts of our public works professionals – the road operations crews, engineers, utilities technicians, and managers and employees at all levels of government and the private sector. They are responsible for rebuilding, improving, and protecting the transportation system, water supply and treatment and solid waste systems, public buildings, and other structures and facilities essential for our citizens.
